Subject: RE: SUPPLIERS LIST

Graham I will add to the list the Tobacco Research and Devel.Corp. for the time being just to complete the list and before any action is taken I will discuss this with WRA, the intention is really to send it only to suppliers, for example we will not be sending the letter to the US Universities or Kutsaga in Zimbabwe. Secondly as you are the only users of Australian tobacco it may be correct that it comes from you, but will also pass this through WRA. We have not finalized who is going to send to who yet. Paul.
