A young woman, standing in the list of nominees, says she wants to make a change in the current favoring of the public by the government on the Litterick album. She, a member of Susan Producers, has submitted a proposal for a new album, and a new subject is suggested. The new subject is to provide the new album to one of the artists with a new member, David, Marvella, and a new

A group of parents of the

High School principal William F. Faulkner stated the faculty is in favor of closing the smoking area by a three-to-one margin. He stated that 33-to-40 parents were interviewed by a committee. On the whole, they favored keeping the smoking area open, he said. The smoking area committee included three students and three administrators.

"Have you consulted any experts on this problem or are you just making some assumptions?" said

The letter stated, "We feel it is imperative that this position of the student body benefit from educators possessing specialized training and background appropriate for their individual needs."
