So, please take the MO/NJ site plans and put it in a nice separate one or two pager, so we can literally pull it out and say this is our plan. Need to include timeline. Thanks

Mark Tyndall | Vice President, Government Affairs

Mark,

Further revisions / build-out on the political plan based upon discussions over the past few days.

Specifically, we've built out the "relationships" slides and additional meat around the political contributions to reflect focus on relationship building / fortification with emphasis on our key footprint states of MO / NJ.

Welcome your feedback.
