Re: Consent Video – Total Exposure Study

Enclosed for your review is the proposed consent video that Covance would like to make available to the sites in the Total Exposure Study. It has been developed based on a script that was previously reviewed and approved by PM (and subsequently by the Covance Central IRB). I've enclosed a copy of the final IRB approved script for your reference in reviewing the video.

Any changes to the video will require submission to the Covance Central IRB for review and approval before incorporating into a final product. In light of this and the goal of being able to make this available to the sites in early October, we would appreciate receiving your comments no later than September 27, if possible.

Please let me know if you have any questions.
