Dear Mr. Ellis,

Many thanks for your letter of 26th July, 1984.

I agree that we should set up a meeting to discuss these issues as soon as practicable.

I will be on vacation until 28th August, 1984, so perhaps we can fix something more definite then.

Meanwhile our U.S. Associate is pressing on with all speed to implement the concept.

Best Regards,

J. A. LUKE
