Dr. Karl Guggenheim
Department of Nutrition
The Hebrew University
Hadassah Medical School
P.O.B. 1172
Jerusalem, ISRAEL

Dear Dr. Guggenheim:

We have received the galley proofs from the Archives of Environmental Health for "An Epidemiological Study of Osteoporosis in Israel" and they have asked for some additional information that I hope you can supply by return mail.

Specifically, they need to know the first names of each of the authors. Would you be good enough to send me the first names of Drs. Menczel, Schwartz, Ben-Menachem and also Mr. Ever-Hadani and the departments that they are affiliated with. They also need to know the highest academic degree that Mr. Ever-Hadani has completed in order to complete the acknowledgment.

Since I have to submit the reprint order form when I return the galley proofs, perhaps you could indicate how many you will need.

I hope to hear from you soon.

Sincerely yours,

Ann E. Blanchard
Secretary to Dr. Hegsted
