Robert F. Gertenbach, President
The Council for Tobacco Research-USA, Inc.
900 Third Avenue
New York, New York 10022

Dear Mr. Gertenbach:

This is to acknowledge receipt of your correspondence of October 17, 1991. I accept with pleasure the continuation grant (No. 2384A) awarded by the Council for Tobacco Research, USA, Inc. in the amount of \$50,000 for the period from January 1, 1992 through December 31, 1992. I wish to assure you that we will work hard to accomplish the specific objectives outlined in our research proposal. At the same time I would also like to emphasize that the work we had mapped out in the application will require continuing support for up to three years. I am personally committed to seeing our work contribute a new dimension to the very important area of Alzheimer's Disease. I have every reason to believe that significant information will be forthcoming from this laboratory. Again, I wish to thank you and the scientific advisory board for awarding this continuation grant and making our research possible.

Because of the reduction in budget, I have revised the budget accordingly.

I have also filled out the attached "Notice of Research Project" and am returning it to you under the same cover.

Sincerely yours,

Joseph M. Wu, Ph.D.
Professor of Biochemistry
and Molecular Biology

JMW/ml
