Subject: RPC EC-CE Subteam Advance Review | Ogilvy Status Report and Payer Interview Results
Attachments: Payer Interview Recap.pptx; RPC Status Report.docx

Dear EC-CE Subteam,

For review in advance of the 1/9 EC-CE Subteam meeting, please find attached two items from Ogilvy. The first is the weekly status report which shows what activities have taken place since the last EC-CE Subteam meeting on Monday, 12/19. In addition, Ogilvy has completed the pilot interviews on payers to regarding feedback on REMS efforts to date. Ogilvy had proposed this additional activity, and initiated three preliminary interviews as a value-add to the RPC. The results of those payer interviews are attached, and Ogilvy plans to review this information with the team on Monday, 1/9.

Please feel free to reach out with questions.

Best regards,

Caitlin
