PALL MALL Filters - Special Tows

With this memorandum we are sending you two (2) boxes of filter rods from Eastman Chemical Company. These rods are made from 3.7/35,000 #40 and 4.0/37,000 #40 tow.

Please make us ten (10) cartons of PALL MALL Filter cigarettes using rods from each box. The cigarettes made using the 3.7/35,000 rods should be made at 97.5 cigarettes per 4 oz; those made using 4.0/37,000 rods at 97 cigarettes per 4 oz. All other specifications should remain normal. These cigarettes should be packaged in regular labels and cartons and sent to the Department of Research and Development marked to the attention of T. P. Pettigrew. Also send us ten (10) cartons of your regular manufacture for use as controls.
