

July 18, 1968

Dr. O. R. Rodig
Chemistry Department
University of Virginia
Charlottesville, Virginia

Dear Doctor Rodig:

In connection with some previous conversations we have had about our research laboratory in Switzerland, you will be interested to know that they have employed as Director of their Research Group a Dr. H. P. Stauffer, a Swiss Ph.D. presently working as a post-doctoral fellow at the University of Pittsburgh. Dr. Stauffer will start in November.

With best regards.

Sincerely yours,

H. Wakeham, Vice President
Corporate Research and Development
