Moorabbin, Victoria, Australia 3189

Re: Your Letter No. X.8

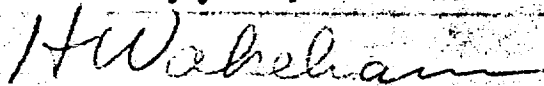

Dear Mr. Balint:

Thank you for your letter of January 18 and the information about a wool filter.

We have previously been approached by a Mr. John Lindsay of Lobnitz Mills Company on this subject, but he was not able to give us anything definitive. I think he was interested in acting as a broker.

The information which you have sent will be very helpful to our development people in considering the possibilities.

Sincerely yours,

H. Wakeham, Vice President
Corporate Research and Development

cc: Mr. F. E. Resnik
