Ref. 221

Filters for tobacco smoke.

Appl: 6.8.54.

COGEPA ELABLISSEMENT COMMERCIAL.

Accd: 15.8.56.

U.K. 755,075

Prior: 10.8.53. Switzerland

A filter made from urea formaldehyde foam which has been treated with aqueous urea solution to eliminate the formalin odour. The foam may also contain filtering agents e.g. iron chloride; fibres of organic material to improve mechanical strength and also the filtering effect, and hygroscopic substances e.g. silicones, glycerine etc.
