Attention: Assignment Branch

REQUEST FOR CORRECTED NOTICE OF RECORDATION

Sir:

Enclosed are a copy of the recorded assignment of the above-identified application, a copy of a Notice of Recordation issued by the Patent and Trademark Office in connection with the assignment, and a copy of the declaration filed in the application.

The Notice of Recordation lists the Document Date for Assignor 001 (Piadé) as October 17, 1990 and the Document Date for Assignor 002 (Bindler) as October 11, 1990. As can be seen from the assignment, both assignors executed the assignment on October 17, 1990. The "7" in the date for assignor Bindler is not as clear as that for assignor Piadé, but clearly is a "7", bearing the crossbar used in writing a "7" in Europe, where the assignment was executed. Further, the notarial certificates are dated October 17, 1990 for both assignors.

2026482148

In addition, the assignment recites that the application was executed on even date with the assignment. As can be seen from the enclosed copy of the declaration, the application was executed by both inventors on October 17, 1990.

Accordingly, applicants and their assignee respectfully request that the Patent and Trademark Office issue a corrected Notice of Recordation listing the Document Date for Assignor 002 as October 17, 1990.

Respectfully submitted,
