Subject: FW: Beta Mat Cellulose

George,

As I discussed w/ Kathy a note of the tradename and supplier name change was made in the Filemaker Pro database which maintains the record for this request (ID# 129). A copy of Dick Uhl's e-mail note was also filed.

Subject: Beta Mat Cellulose

Please be advised that Domtar, our Canadian supplier of the unbleached kraft cellulose used in the Beta mat, has undergone a corporate name change to Norkraft. Schweitzer-Mauduit has confirmed that there is no change to the cellulose component, its preparation process, or the security of the supply.

Accordingly, the name designation for the cellulose we use has been changed from Domtar Q-30 to Norkraft Q-30. Please call if there are any questions.
