Dear Mr. Church:

I wish to present my concept of a self-snuffing cigarette before the Technical Study Group on July 11, 1985. As I mentioned over the phone, I will be in New York during that time, and it may not be possible for me to present my concept personally. Nevertheless, I will call you Wednesday morning, as we agreed upon, in case conditions change.

The enclosed material, therefore, is a summary of my concept with drawings, and I would be grateful to you if you would place it in the record, as you indicated you would do.

Thank you kindly for this courtesy.

Sincerely,

Sol Roy Rosenthal, M.D., Ph.D.

SRR/bc

Enclosure: Self-Snuffing Cigarette memorandum
