

Because Robin Beard is a conservative who supports the things you believe in...

FISCAL RESPONSIBILITY - Robin Beard has voted AGAINST more welfare-type spending and foreign aid "give-away" programs which "feed the fires" of inflation. He has worked for a BALANCED BUDGET. And he has supported legislation which would give Congress a larger role in Federal budget-making procedures.

STRONG NATIONAL DEFENSE - As a member of the House Armed Services Committee, Robin Beard has consistently worked for a strong national defense...to maintain the balance of power necessary for world peace.

AGAINST AMNESTY - Robin Beard has strongly opposed blanket amnesty for those who evaded the draft or deserted

their military units. He believes that these persons should be held accountable for their actions in courts of law--where the merits of each individual case must be considered.

OSHA REFORM - Robin Beard has taken the lead in Occupational Safety and Health Act reform. His OSHA bill, with 40 co-sponsors, has been acclaimed as the most comprehensive of the more than 25 reform bills submitted. He believes that such legislation should protect the SMALL BUSINESSMAN from harrassment by the federal government and--at the same time--protect the WORKING MAN from the standpoint of health and safety.

AGAINST GUN CONTROL - Robin Beard has opposed gun control because he believes in the CONSTITUTIONAL RIGHT of each American to bear arms. Instead, he has introduced a bill calling for stricter punishment for those who use weapons to commit crimes.

AGAINST BUSING - A strong believer that forced busing to achieve racial balance is totally wrong and unfair, Robin Beard has done more than just talk anti-busing... His discharge petition attempting to force anti-busing legislation out of committee focused national attention on the problem and led to the formation of a special committee charged with developing acceptable legislation.

Robin Beard is a conservative. And we need a strong conservative voice in Washington for an inflation-proof Congress.

Liberals in Congress are already proposing more government regulation of business...a "universal health bill" that will totally control our medical system... more busing of school children...vastly expanded Federal welfare payments... unlimited amnesty for draft-dodgers, and a reduction of our national defense.

As a United States Congressman, Robin Beard will continue to vote AGAINST these liberal proposals. He will support only those sound principles of government...that have kept America free.

You can make a contribution to help keep a conservative in congress.

Yet he has returned to his district almost every weekend—to meet with his constituents. To back up this personal contact, he has developed a thorough district office and staff operation which includes regularly scheduled "listening sessions" at each county seat. The people of the Sixth District of Tennessee like Robin Beard. They like the kind of job he is doing in Congress and they want to keep him there.
