Dear Peter

At our meeting of Thursday, 14 November, you agreed that our legal representatives should meet with those of your Department and Crown Law in an effort to reach agreement on the interpretation of Item (b) of the Fourth Schedule of the Smoke-free Environments Regulations (No.2) 1990.

It was agreed that this meeting should be scheduled as soon as possible in view of your request for further information to be supplied by my Members by 30 November 1991.

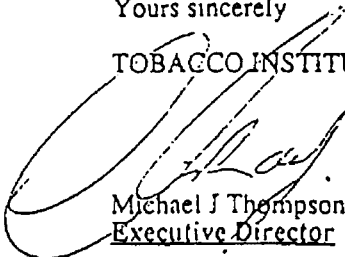

I am disappointed therefore to learn from our Solicitors that it has not been possible for Clare Van der Lem to arrange a meeting as yet.

Accordingly, I would advise that my Members are unable to respond further to your letters to them of 21 October 1991.

I do hope that a meeting can be scheduled shortly so that this matter can be finally resolved.

Yours sincerely

TOBACCO INSTITUTE OF NEW ZEALAND LIMITED
