Bettie, for my own edification (KNOWLEDGE!!), would you point out the title typo (I don't see it) and let me know what was incorrect or not quite right in original title? Thanks.

Erica,

Attached is a Word table of the comparison between TES and BRFS. Please change the title. There was a typo in the table that was included in the email to me.

Yep, TES is first (black), BRFSS is 2nd (red).

Bettie, would you kindly send Erica a version of this table that is modifiable, i.e, not a picture? Thanks.

The table below is a picture inserted into the document. Thus, I am not sure how to make the changes you requested. I presume that the TES data is the first line in each gender type. Yes?
