ROGER L. MOZINGO
Senior Vice President-
State Activities

January 9, 1986

MEMORANDUM

To: TI Committee of Counsel
State Activities Policy Committee

From: Roger L. Mozingo 

Subj: Product Liability Legislation

A sensitive issue now on the horizon is product liability legislation aimed at cigarette manufacturers. During 1985 such measures were introduced in Wisconsin and Illinois.

For your background information, I am enclosing a copy of testimony presented last year in Wisconsin in opposition to SB 320, a tobacco product liability measure. Also enclosed are remarks delivered by Wisconsin State Senator Gary George at our legislative counsel seminar in Tucson last fall. Senator George focused on this subject in his statement.

If you have questions please contact me.
