Vice President, R & D,
The American Tobacco Co.,
P.O. Box 799,
Hopewell,
Va. 23860,
U.S.A.

3 September 1984

Dear Bob,

I thought you might be interested in the attached paper which emanates from our laboratories and has just been published in Thorax. Given the rather obscure nature of this journal, we plan to issue a press release which is designed to generate some pro Low Tar publicity.

Best regards,

Yours sincerely,

R.R. BOXALL
