Route 1, Box 531
Florence, SC 29501-9603

Dear Ben:

Brown & Williamson is willing to smoke sample cigarettes produced from a preliminary test using ethrel as a yellowing agent.

Please inform me of the questions that you need answered from the smoking of these samples, and if any other company is participating.

If you have any additional questions or request, you may call me at 502/568-7299.

Sincerely,

Al Beatty
