Summa does not yet have a concrete story that he's working on. He wants to know what PM's efforts are, both direct and indirect, in overturning the CA Bar Ban.

He has spoken with Bar owners, patrons, and is trying to get in touch with the NSA, TI, etc. I asked if this is for a particular news program -- he said "no", that he just does tobacco stories for the entire network and is trying to formulate a story. His deadline is tomorrow afternoon, if possible.
