Subject: Utah AG - PM's Draft Answer to Complaint in Intervention of PricewaterhouseCoopers

Outside counsel for the State of Utah in the Utah AG case have asserted attorneys' liens upon the amounts to be paid to Utah pursuant to the Master Settlement Agreement. PricewaterhouseCoopers, the Independent Auditor under the MSA, has been permitted to intervene in the Utah AG case. PwC has filed a Complaint in Intervention which asks the Court to issue appropriate orders to protect PwC from the risk of double or multiple liability created by the assertion of these attorneys' liens.

I have attached a draft of PM's Answer to PwC's Complaint in Intervention. This Answer is due on Tuesday, February 15. Please provide me with any comments on this draft by 12:00 noon Eastern time on Monday, February 14.
