Dear Jean-Pierre,

Project STANSTED - 2nd Trial Manufacture

Thank you very much for your letter of 25th April and the sample cigarettes, which arrived safely.

We were pleased to hear that you found the Swifts 9001 more satisfactory than the Swifts 9012 used in the previous trial.

Tests made in the laboratory here with these latest cigarettes indicate that, although the differences are small, the Swifts 9001 is preferable from the filtration efficiency point of view.

So, we are most grateful to you for making this 2nd trial, which has provided very useful information.

With best wishes,

Yours sincerely,
