Importance: High

I am expecting 5 Pos and 222s from Cardinal either today or tomorrow. These will not be on EDI but are additional orders shipping to their forward DCs. Sorry, but I do not have the PO #s yet.

Please let me know when these are received, as Cardinal has requested overnight shipping and approved the charges.

Thank you,
Brenda Rehkop

Greg,

Due to deteriorating weather conditions, Mallinckrodt offices closed early today. We hope to be able to be back to work in the morning.

Please go ahead fed ex your Pos and 222s out today so I can have them tomorrow. I have requested the estimated shipping charges but not sure if I will get them back right away. I will let you know as soon as I get them. I am working from home for now, so please email any questions or concerns to me.

Brenda,

If possible, I would like to do the following for Thursday delivery:

36 each (3 cases of 12) of CIN # 3591344 (OXYCODONE/APAP 7.5-325 100) into Syracuse, Wheeling, and Aurora.
72 each (6 cases of 12) of CIN # 3591369 (OXYCODONE/APAP 10-325MG 100) into Boston
144 each (12 of 12) of CIN # 3591369 into Atlanta

Cardinal would pay the freight on these shipments. However, could you provide a quick estimate of what the freight charges would be for the orders? Please advise and I will send POS as necessary.

Brenda or Charity,

We are out of stock on a couple of Oxycodone items in the NLC. Would we be able to place direct, overnight orders for these items (Thursday delivery) into a couple of our FDC locations?

Items in question:

* OXYCODONE/APAP 7.5-325 100 (ndc # 00406052201)
* OXYCODONE/APAP 10-325MG (ndc # 00406052301)
