Teresa,

I think I got everything included. Wasn't sure what Dave wanted to do about previewing posters, so I have included them also. Dave will need to decide what he wants to do about previewing papers from Lauterbach and St. Charles, who won't be relocating to W-S. Also, Christine Rouse is not scheduled to be relocated before the Sept. 7th preview. Serban should be here on the 23rd of August.

All presentations have to be to Diane Silberstein by Sept 10th for loading onto the computers that will be used during the conference.
