Dear Jill,
they are all smokers!
Best regards
Hans

Subject: PM-1169 Samples from MDS

Dear Hans,

Prior to the start of analysis of these samples, Harrogate would like to have the smoker/non-smoker code for each sample. They have found with the pilot study that it is beneficial to assay at different dilutions for the two sets which reduces repeat analysis and therefore costs to PM.

Please let me know today if possible.

Regards,

Jill
