PHILIP MORRIS

Someone most assuredly benefits from smoking

I could scarcely believe my eyes when I read the following statement by Steven C. Parrish in Monday's letters section: "No one benefits from the very real, serious and significant diseases caused by smoking."

Nobody? Not Philip Morris senior vice president Parrish with his six-figure salary? Not the CEO with his millions in salary, bonuses and stock options?

Not the stockholders? Not the tobacco farmers? Not the myriad of \$300-per-hour lawyers who defend them in court? Nobody benefits?

Parrish gives arrogance a bad name.
